

|            |        |                              |
|------------|--------|------------------------------|
| $\alpha 1$ | degree | Prestressed rotational angle |
| $\alpha 2$ | degree | Loaded rotational angle      |
| $\alpha n$ | degree | Maximum rotational angle     |
| M1         | Nmm    | Prestressed torque           |
| M2         | Nmm    | Loaded torque                |
| Mn         | Nmm    | Maximum torque               |

Valores de gráfico:

(x):  $\alpha_{ph} = 21,77^\circ$ ;  $M_n = 1888,38 \text{ Nmm}$

### Característica del resorte (diagrama fuerza-desplazamiento)
